## HISTORY AND FUTURE

The HERO from Stockholm, SWEDEN delivers dark, heavy and melancholic Metal which seems to appeal to more than “metal heads”. The recipe for The Hero’s music is: Heavy guitars, thundering bass, bombastic drums and melodic baritone vocals and at the core always strong melodies that echoes long after the audience has gone home.

The HERO toured (USA) summer of 2017 and among other venues performed at the world famous “Whisky a Go Go” in Hollywood and also rock clubs around Sweden until Covid 19 stroke the world. The HERO’s latest album “MMXX” (Blood Red Music) was released in August 2020 and is as our previous albums available on Spotify, and all other platforms.

AND NOW! We are finalizing a new release called “Monster Hunter” including songs like “We must never forget” which is a personal touch about the terrible war crime against the Jews in Auschwitz. “Mayday Mayhem” is about the gang war that rages on in Sweden right now. And in the title track “Monster Hunter” we declare war against all kinds of evil in the world right now, and this is the main theme throughout the new album.

We, The HERO are ready to strike, Music and Faith are our weapons and we are the mighty MONSTER HUNTERS
